

## **All Praises to You God**

**Praise YOU Father God. We adore and worship You on high. You are high above the realms of glory reigning in the highest heaven. Cherubim and Seraphim bow at Your presence. How gloriously magnificent Your creations are, the birds of the air, the fish in the sea, the ocean's mighty roar and tranquil silence, the aroma of flowers, the earth in full bloom, the mystery of winter. How majestic and grand Your forests and eternally mysterious Your deserts. Hear our prayer oh LORD. Turn Your ears our way, reach out Your hand and lift us up, carry us upon Your shoulders as on wings of eagles high above the storms of life. This we ask in the name of Jesus who sits with You in the realm of glory. Praises be to you. Amen.**
